GEORGE J. TUFTS,

Auditors.

SUPERINTENDENT'S REPORT

To the School Board and citizens of Middleton:

It gives me pleasure to submit this, my third annual report, as superintendent of the schools of Middleton. It will contain the statistics of the schools for the year ending June 30, 1921. It will also deal with some other matters, a part of which belong to that year and a part to the present school year.

The following table will be full of interest to all parents and citizens who are interested in our schools.

STATISTICS FOR YEAR ENDING JUNE 30, 1921

School	Teacher	Total No. Enrolled	Average Membership	Per cent Attendance	No. of Tardinesses	No. Weeks Session
Corner	Lizzie M. Drew	18	12	98	14	36
Ridge	Cora E. Heath	26	20	91	17	36
Average Totals		44	32	90	31	36

By comparing this table with that published a year ago, it will be seen that the number of pupils enrolled is ten more than for the year ending August 31, 1920. This increase was chiefly due to the presence of portable mills in town, which brought in some families for a short time only.

It will be noted that there has been an improvement in the per cent of attendance,—the percentage having risen from 87 to 90. At the same time the number of tardinesses has been reduced from 155 to 31. Both these showings are good. A full year of 36 weeks was completed in both schools.

The work done in both schools was satisfactory. The teachers were both of long experience, and the schools profited by this experience. I should have been glad to retain the services of both for the present year, but this it was impossible to do.

It will be a great advantage to the schools when the time comes when we are able to retain the services of satisfactory teachers for several successive years. The best results cannot be secured when new teachers must be employed each year.

There was some delay in opening the Ridge school the present year due to the fact that the teacher, who had been engaged for the position, met with an accident just before the time for the opening of the schools and was unable to come to us.

During the past summer considerable work was done on the interior of both schoolhouses. Paper, paint, and varnish made a great change; and the rooms, which before had been somewhat dingy and cheerless, were made bright and cheerful. The district is to be congratulated and thanked for having done this much-needed work.

Health work in the schools has been continued under our arrangement with the Red Cross. The report of the nurse, which accompanies my report, shows that the inspection during the year 1920-1921 found fewer cases

of defective eyes, teeth, and throats than were found the preceding year. This is encouraging.

Respectfully submitted,

FRED W. DUDLEY,

Superintendent of Schools.

REPORT OF SCHOOL NURSE

Report for the Year Ending December 31, 1921

Number of pupils examined	27
Number of pupils with eye defect	1
Number of pupils with throat defect	13
Number of pupils with teeth defect	18
Number of pupils under weight	2
Number of pupils unvaccinated	2
Number of visits to schools	5

Each visit included a health talk to the pupils. Health literature, tooth brushes and tooth paste were distributed among the pupils. An emergency box has been placed in each school.

Respectfully submitted

ANNA E. CLOW, R. N.

School Nurse.
